SEPTEMBER CATALOG UPDATE

WHY US?

Packaging Solutions is a full service post print packaging company based out of Carrollton, TX (that's right outside of Dallas, TX)! We specialize in a multitude of post printing options such as Hot Foil Stamping, Flexo-Ink Printing, Screen Printing and Heat Transfers. Our tight registration and attention to detail is what sets us apart from our competition. We are also known to test our limits as we were the first to hot stamp on non-woven bags! We are centrally located in the USA and have a standard lead time of 10-15 business days. We also offer rush service for those of you that are in need of meeting an in hands date. Deep inventories help us keep everything you see in our catalog available for you to be shipped unprinted too! If your customer requires more customization, we offer many custom packaging options created either overseas or domestically. Did we get your attention? Our dedicated team is always ready to help you so please give us a call or send us an email.

CUSTOM DESIGN CENTER

We offer complete custom design services for bags and tissue paper. We can craft a bag to almost any imagination. From euro totes, non-woven, paper, and poly bags, we've done it all! Follow these steps to begin:

1) Determine the Bag Size and Features

Dimensions and features the client is looking for is imperative. We can create a bag in any size but knowing the intended use will make this process easier. Determine if your client needs any additional elements including closures, pockets, special handles, piping, etc.

2) Choose the Materials

We can build a bag using non-woven polypropylene, paper, or plastic based upon your client's needs and budget. We are also able to accommodate many different custom handles from twisted paper to ropes, ribbons, and plastic.

3) Prepare the Artwork

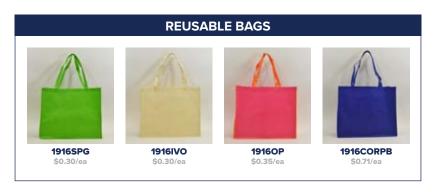

The artwork for the bag is by far the most important and will make the most impact. We accept art files in the forms of PDF, EPS, and Al Files. All files must be vector artwork. Please consult our general art guidelines [page 58] for more details.

^{*}Larger quantity breaks available by special request.
